ENHANCING ACCESS FOR ALL

At Advocate Health we are redefining care for every individual and community, to ensure that no matter who you are or where you come from you have the opportunity to lead a healthy life.

Through our National Center for Clinical and Community Impact, we transform how health systems and communities work together to expand access and improve care outcomes, especially in historically underserved areas. We listen deeply – to patients, partners, and frontline teams – and design bold solutions that bridge clinical care and community strength. This work is coming to life through our investments in the South Side of Chicago and Milwaukee's Near West Side – helping to build a healthier future that extends beyond hospital walls and supports individuals and their families in living long, healthy, and fulfilling lives in thriving communities.

EARVIN “MAGIC” JOHNSON

Having left the basketball court for the boardroom, Earvin “Magic” Johnson has successfully parlayed his skills and tenacity from the court into the business world as Chairman and CEO of Magic Johnson Enterprises (MJE). MJE provides high-quality products and services that focus primarily on ethnically diverse and underserved urban communities.

Still a commanding presence in popular culture, Johnson made history in 2012 when he became co-owner of MLB’s Los Angeles Dodgers. He also co-owns the Los Angeles Sparks of the WNBA, Major League Soccer’s Los Angeles Football Club, and eSports franchise Team Liquid. He continues to expand his influence through his many businesses that include: EquiTrust Life Insurance Company, and SodexoMAGIC, a food service and facilities management company.

The Lansing native is constantly evolving and remaining relevant in a dynamic digital age by broadening his scope into infrastructure and technology. Through a newly formed fund, Johnson is investing millions of dollars on infrastructure improvement in the United States. He is also one of the leading investors in a number of minority-owned technology companies that include Uncharted Power, an award-winning power and data infrastructure technology company; ShotTracker, a company that makes wearable technology for basketball players that helps track player and ball movement; Jopwell, a diversity and hiring recruiting platform; and MiTú, the Latino-fueled media brand and digital network that connects thousands of Latin content creators with viewers around the world.
