

AURORA ZILBER FAMILY HOSPICE
Anniversary Celebration

Commemorating 20 years of compassionate, end-of-life care

JOIN US - Tuesday, October 21
Wisconsin Club - 900 W Wisconsin Ave., Milwaukee
5:30 – 8:30 p.m.

Proceeds from the event will enhance critical care components:

Personalized Care Our compassionate team provides personalized, highly skilled care where the physical, spiritual, and emotional needs of patients and their families are met. From special meals using treasured family recipes to pastoral care to military honors presentations, every effort is made to fulfill last wishes and create lasting memories. Carefully chosen furnishings, specialty equipment, and technology are used to address each patient's unique needs and comfort. Funding will help ensure each patient experiences their last days in peace, dignity and in the company of their family and friends.

Healing Environment

Zilber offers home-like suites, family lounge, meditation room, a children's playroom, and an on-site cafe for freshly prepared meals, so there is a place for everyone to feel comfortable. The serene surroundings of our gardens, pathways and other natural surroundings offer a peaceful and soothing sanctuary. Charitable gifts help us maintain our uniquely beautiful and restful setting.

AURORA ZILBER FAMILY HOSPICE Anniversary Celebration

Commemorating 20 years of compassionate, end-of-life care

Enhanced Bereavement & Volunteers Services

Our bereavement specialists, chaplains, social workers and volunteers provide a variety of free services, including individual counseling, support groups, memorial services and educational materials about the grief process and other resources that are key to healing, helping each loved one find his or her way forward. Your support will provide a wide range of therapies known to promote emotional healing following the loss of a loved one.

Clinical Excellence

Ongoing development, education and training for our teams is essential for providing the best care possible to the growing number of hospice patients and their complex needs. Your support allows more teammates to attend conferences and symposiums, join professional organizations, and receive specialized certification and disease-specific training.

Your support allows Aurora Zilber Family Hospice to sustain its legacy of extraordinary end-of-life care for decades to come.
